World Turtle Day is an international event that highlights the plight of turtles and tortoises across the globe. The day encourages people to learn about the challenges these creatures face and to support efforts aimed at their conservation. Turtles and tortoises have been on Earth for over 200 million years, but today, many species are endangered or critically endangered due to human activities. World Turtle Day promotes education, advocacy, and direct conservation actions to help protect these animals and their habitats.

# Who is David Chong

David Chong is one of the most recognizable competitive anglers and fishing personalities in Canada. His tournament success is only surpassed by his desire to share his passion for fishing with young and old. Youth initiatives like the "Catch a Dream" Kids Fishing Derby and Fishing Friendly are extremely important to David as well as educational ventures such as BassTalk, Live2Fish and "EVERYTHING You Wanted to Know About FISHING ... but were afraid to ask!"

David is widely renowned for being on the cutting edge of new fishing equipment, techniques and knowledge. He believes that if you take care of your equipment, your equipment will take care of you and that an organized boat is a productive boat!
